Instructions to access home use licenses - Faculty of Geography UCM

Para acceder a las licencias de uso casero (o de estudiante) del Máster en Tecnologías de la Información Geográfica (<https://www.ucm.es/master-geografia/>) de la Facultad de Geografía e Historia de la UCM, los estudiantes tendrán que utilizar el código (**School Code**) siguiente:

Las instrucciones para acceder a las licencias de uso casero (o de estudiante) son las siguientes:

1. Registrarse en Bentley, en la siguiente dirección:

<http://apps.bentley.com/studentserver/home/index>

2. Haga Click en “Register” y siga las instrucciones para crear su cuenta. **(POR FAVOR tenga en cuenta, durante el proceso de registro seleccionar su país: España, en vez de EEUU, que es el país que aparece por defecto).**

Utilice su correo institucional (@ucm.es).

3. Haga Click en “Submit” y recibirá un email de verificación de Bentley (si no recibe el email en unos pocos minutos por favor revise su carpeta spam/junk)

4. Haga Click en el enlace del email de verificación para activar su cuenta de STUDENTserver.

5. Después de completar el proceso de registro, haga “log-in” en STUDENTserver usando las credenciales que acaba de crear. Vaya a la página “Download Software” y haga Click en el enlace “Download Software”. Le pedirá su **School Code**. Inserte el School Code.

6. Ahora cierre la ventana. Vaya a la página de STUDENT Server: <http://apps.bentley.com/studentserver/home/index>. Inicie sesión y haga “click” en el enlace de “Download Software”. Acepte el “Connect Agreement”.

7. Verá el portal “Software Download” para descargar software de Bentley.

Será necesario, también, instalar el CONNECTION Client versión 11.00.01.88. que es la última versión del CONNECTION Client. Otra vez, tengan en cuenta, durante el proceso de registro, seleccionar su país de origen (España), en lugar de EEUU, que es el país por defecto.

Nota: A partir de la versión Update 11 o 12 de los productos Bentley, para poder usar los programas el usuario debe iniciar sesión registrándose, con su propio email institucional, en **CONNECTION client**, ya que es el nuevo sistema de licenciarse de esas versiones. Una vez registrado deberá iniciar el CONNECTION client al menos cada 7 días.

Step 1
Download Software 📄
Once you have joined the STUDENTserver, first order of business is downloading and installing one or more of the many Bentley software products relevant to your studies. Be sure to check for the vital Site Activation Code required to register the software as part of the installation process.

Step 2
Take Online Training 📺
To learn how to use Bentley software, be sure to check out the online training. You will find a wide range of topics from how to use your new software to advanced subjects taught by experts in the field. To get started a list of recommended introductory courses are available on the eLearning page.

Step 3
Review Transcript 📄
Bentley records each student's completion of onDemand training in their personal Bentley Professional Training Transcript. It is available for review at any time and can be forwarded by Bentley to potential employers for both internships and full employment. It may take up to 24 hours for a completed course to appear in your transcript.

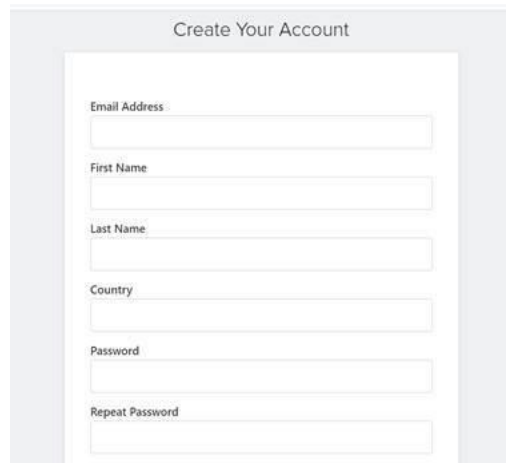

Step 4
Visit Be Communities 👤
Through the Be Communities, Bentley provides access to a wealth of information including discussion forums, wikis, blogs, about all Bentley products, as well as design/engineering discipline specific communities where students and faculty can network with working professionals and Bentley colleagues.
